Ötscherbär buffet carriage  
Electro and steam nostalgia

*Mariazellerbahn*

Welcome to nostalgia on wheels

## The 'Ötscherbär' back on track

Not only the modern 'Himmelstreppe' train is capable of coping with the tough Mariazellerbahn route. And for those who would like to turn the clock back and enjoy train travel as it was in their grandparent's time, a trip with the nostalgic 'Ötscherbär' train is a must!

The 'Ötscherbär' carriages have been lovingly restored both inside and out to ensure they delight the eye and the wishes of would-be time travellers. The venerable carriages are pulled either by an electric locomotive constructed between 1910 and 1914 or a coal-fired steam train dating to 1908.

While the 'Ötscherbär' chugs happily over bridges and viaducts through the picturesque Alpine foothills, taking in quite an ascent as it does so, you can at the same time enjoy a selection of local specialities and drinks in the buffet car.

## Eisenbahnclub Mh. 6

The famous steam train Mh.6 is the eponym for this club. The steam train was put into service for the first time in 1908. The club is located in Ober-Grafendorf and has more than 70 volunteers currently - their passion is restaurating Austrian narrow-gauge trains and carriages. From May to October the roundhouse can be visited every Saturday from 13:00 until 17:00 o'clock. For groups, the buildings and trains can be visited every time by appointment.

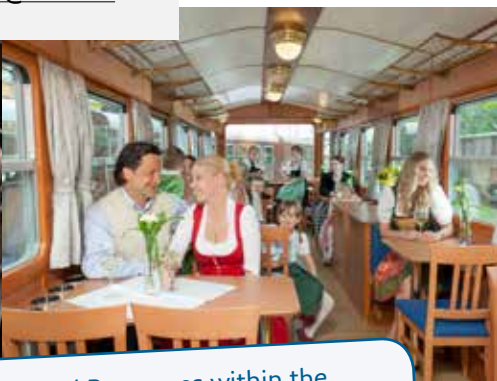

## Charter

For special occasions, birthday celebrations, anniversaries or weddings, you can charter your own carriage or your own train. The ride within the Mariazellerbahn will be a stunning experience. We are looking forward to hearing from you and to offering you an unforgettable journey. Catering can be offered on request.
